

Effective January 1, 2024, the Borough of Grove City, Pine Township, Liberty Township, Springfield Township, Borough of Harrisville, and Mercer Township, will require that private sewer laterals connected to the public sewer system be inspected prior to real estate being transferred or sold.

### ***Sewer Lateral Inspection Program Process for Selling a House***

1. Contact NASSCO-Certified Plumber to camera sewer lateral
2. Plumber televises sewer lateral and completes Borough of Grove City application
3. Plumber submits application, media, and \$40 application fee to the Borough of Grove City
4. Borough of Grove City reviews application and sewer lateral footage
5. Borough of Grove City issues Document Certification if sewer lateral passes
6. Seller can proceed with sale now that sewer lateral has been found to be compliant
